

PAPALLACTA HOT SPRINGS

TWO DAY TRIP

Trekking & camping

1st DAY:

We leave Quito at 08h00 and head to the westerly direction of the Oriente by four wheel drive car. On the way we cross a mountain pass of 4'000m above sea level. We see beautiful landscapes and as we gain in altitude we feel a change of climate. When we arrive at the Papallacta region we will hike through a **humid forest**. Depending on people's interest, there is a choice of a one hour or a two hour walk. During the hike we will see different native plants such as **orchids and bromeliads**.

Afterwards we proceed to our camp site where we will have our box lunch and relax for a while. Then we have the possibility to visit some sites where we receive information about the **pollution of the petrol companies of this area**. In the evening we visit some **thermal baths** close to our camp site where we can relax and enjoy the quietness of the night.

Later we have dinner at the **camp fire with music etc.**

2nd DAY:

We get up at 08h00 to have breakfast. At 10h00 we go **horse riding** around this area for two hours.

Then we visit the community of Papallacta where we have the possibility to go **trout fishing**. Afterwards we return to the camp site to have lunch (grilled trout) and at approx. 16h00 we leave for Quito.
